DESCRIPTION

Timeless and stylish interior and exterior design applied to spacious areas is introduced by renowned naval architect Enrico Gobbi at Team4Design. He perfectly combines original shapes with convenient functionality, providing the DREAMLINE 34, with the maximum level of comfort. DL YACHTS DREAMLINE features special "lama chine waveless hull" designed by Giuseppe Arrabito at Arrabito Naval Architects. Its ground-breaking shape tremendously reduces fuel consumption. Optional Eco Performance Technology powered by Siemens Hybrid makes navigation on DREAMLINE 35 pleasant and extremely silent. The noise and vibration level is barely perceived of both the engines and generators. Distinctive feature of the DREAMLINE 34 is an impressive owner's cabin on the main deck, offering a magnificent 180° panoramic sea view. A door to the starboard allows access to the foredeck private bow area directly from the owner's cabin. Now this unique and best 34 Meters RPH on the market, almost unused is a real opportunity, which received the last updates within her warranty period in 2018 to be now fully up to day and better than new. To be noted the yacht is still with her first owner and recently price reduced. This Beauty is a "must be seen" and she now ready for a new Summer season with her next owner !
