DESCRIPTION

Here is a one stop real opportunity for this very well known and reputed Sunseeker model the Predator 62. Still with her first owner since new, very little used mostly solely as a day boat, we do end up in a situation of a yacht with an interior remaining in a superb condition on this unit and a very low engine hours. Very good and practical three cabins layout with a large galley in the lower deck and a fully equipped cockpit summer kitchen (grill ice maker, tape and fridge) an hydraulic platform to complete the settings with a possibility to host and handle easy your tender (actually fitted with a jet sky) This technically well maintained and VAT paid Yacht is ready now for his second life and hand over to her new owner. Now to be exhaustive being based in Spain the teak took lots of sun sun and would ideally deserved to be renewed but apart of this point it is an excellent and quite rare opportunity in this status....
