DESCRIPTION

Intense and irresistible. The SEABOB F5 S is an ultimate high-performance vehicle. With a total weight of only 34 kg, it has excellent out-of-water handling characteristics. With a power of 680 Newton, the SEABOB F5 S offers powerful underwater propulsion. The E-Jet Power system offers 6 power levels. Thanks to these, the pilot can choose to drive the SEABOB F5 S relaxedly at low power or to activate the 6th level to discover exceptional sensations at high speed. This vehicle has a resolutely sporty character and convinces by its exceptional dynamics. Its sporty appearance is highlighted by the presence of elements in matt chrome design. The favorite area of SEABOB F5 S is the sea. It can also be used ideally in large swimming pools, thanks to its very good maneuverability.
