DESCRIPTION

The Bali 5.4 sailing catamaran has been a great success after its premier at Cannes Yachting Festival in 2018. The model marked a new turn over in sailing catamaran industry with ingenious use of space, liveability, and innovation. SIGNATURE CONCEPT strikes with incomparable performance while cruising and diverse use, enhancing her charter potential. Olivier Poncin and Xavier Fay from Catana group, have penned a hull with optimum power-to-weight ratio, using hull underwater transition into chines; wider hull sections giving more buoyancy, while adequate bridge deck clearance avoids slamming waves. Her innovative hulls allow the Bali 5.4 catamaran to carry the machinery and plenty of heavy equipment necessary in long charters, without losing in sailing performance.

Full-composite construction with Divinicell closed-cell foam core reduces hull weight, while substantial crossbeams provide for rigidity of construction, avoiding annoying bulkheads on main deck. The revolutionary aft glass tilting door is a unique innovation onboard SIGNATURE CONCEPT, operated simply by a button and giving access to a vast multifunctional salon, with a spacious dining area for 10 on portside, while two 615 l fridges and foldable TV on starboard. Further in, there is the fully equipped U-shaped galley and helm station, with access to port and starboard cabins, and forward, you will find her equally unique outdoor terrace.

The solid foredeck is a valuable add-up to Bali 5.4 concept: it provides for more structural solidity and proves to be a favourite point for guests' gathering and can be used not only for traditional lounging, partying, and sun tanning, but also for yoga classes, and seminars outdoors. Custom cabin layout chosen by the owner is versatile and comprises 5 staterooms: Master's double suite with bathroom, also accessed from the aft cockpit, 3 double guest cabins, and a twin cabin. Hull points are equipped with 2 crew cabins with single bed each, and integrated facilities. The upper deck holds on a 24-meter aluminium mast, composite steering wheel, and rigging. The ample seating and table are shaded under a large fixed bimini providing unobstructed 360° sea views. The sailing catamaran SIGNATURE CONCEPT carries a square top reinforced Mainsail, self-tacking jib and a genoa, that can be unfurled from its short bowsprit in light air. 202 m² of sailing area are handled easily with sizeable electric winches. Proud holder of the prestigious title "Multihull of the Year 2019", the all-new 2021 Bali 5.4 catamaran SIGNATURE CONCEPT is the best choice for a relaxed, diverse sailing charter on the French Riviera. **IMPORTANT harter Rates:** Low Season € 16,500 per week - High Season € 22,000 per week - VAT and expenses are not included
