## Description

wallywind150 project Our sailing flagship is a masterful blend of technology, comfort and style. Like the rest of the range, the wallywind150 is a hybrid of racing pedigree and cruising capabilities. She can win races, turning experienced heads, and carry you in safety and comfort to the far corners of the world's oceans. But her sheer scale opens up intriguing possibilities which Wally has exploited in its usual innovative fashion. The 'double deck' design reaches its zenith in this yacht, which puts the full-beam owner's cabin right aft where it can benefit from a unique private lounge. This flexible indoor-outdoor space lies between the grand double doors to the owner's suite and the 'terrace-on-the-sea' beach club. It is hard to imagine a better equipped owner's cabin, with the sort of dimensions usually only seen on land. A sleek, glass deckhouse roof swoops aft, largely concealed behind the raised bulwarks which preserve the elegant overall proportions of the yacht. This is the social centre of the wallywind150, where guests dine and relax together in the company of the seascape that surrounds the boat. It gives flush-deck access to the well-sheltered guest cockpit before climbing to the aft cockpit. Guests will be enchanted by the many relaxing possibilities, and the size of the beach club aft. But perhaps most of all by the forward cockpit, whose elegant teak steps and deep seating are revealed once the 5.0m tender has been launched.
